## About Me

I am a passionate web developer with expertise in **Next.js, ReactJS, Tailwind CSS, NodeJS, MongoDB, PostgreSQL, ExpressJS, and Django**, along with modern UI/UX design principles. I specialize in building **fast, SEO-friendly, and highly responsive web applications** that enhance user engagement and experience.

My experience includes working with **Efilia Technologies and Intelisync**, where I contributed to developing **high-performance, scalable web solutions** using the latest technologies. At Efilia Technologies, I focused on crafting user-centric designs and optimizing performance, while at Intelisync, I worked on developing innovative and efficient web applications, leveraging **Django and PostgreSQL** for robust backend solutions.

## Services Offered

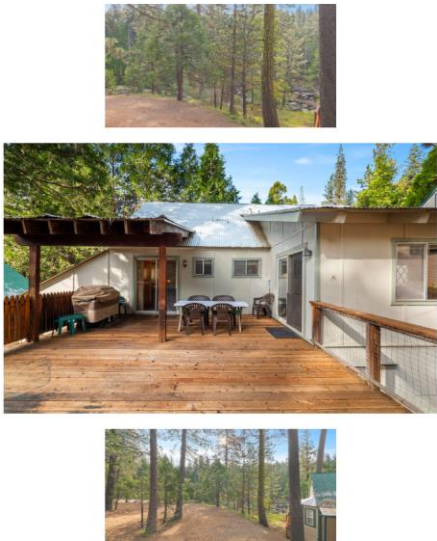

1. **Frontend Development** (Next.js, React, Tailwind CSS, HTML, CSS, JavaScript)
2. **Full Stack Development** (MERN Stack with Next.js, Node.js, Express.js, MongoDB)
3. **UI/UX Design and Enhancement** – Creating intuitive, user-friendly interfaces
4. **Performance Optimization** – Improving speed, SEO, and overall efficiency
5. **Responsive Web Design** – Ensuring seamless experience across all devices
