EXPERIENCE

Full-Stack Developer Intern

Dec 2024 – Present

Intelisync Technologies Pvt Ltd

Pune, Maharastra

- **Developed the Intelisync.ae** website using Next.js, implementing a modern and user-friendly interface to showcase services in Blockchain Development, Artificial Intelligence, and Digital Marketing.
- **Implemented dynamic service catalogs** and **real-time interactive forms**, optimizing user engagement and overall site functionality.
- Delivered a high-performance, scalable website within 10 days, ensuring **full responsiveness** across devices by leveraging **Tailwind CSS** for efficient styling.

Software Developer Intern

Sep 2024 – Nov 2024

Acceloties Technologies (OPC) Private Limited

Hyderabad, Telangana

- Designed a detailed contact panel interface in Figma with **10 subsections** and over **30 input fields**, ensuring a structured and intuitive layout.
- Developed the panel using NextJS, adding **5+ dynamic functionalities**, including the ability to **add or delete multiple experiences** seamlessly.
- Implemented field-level validation across **100% of the inputs**, reducing errors by **20%** and enhancing data reliability.
- Optimized the interface using Tailwind CSS to achieve 100% responsiveness, ensuring smooth performance across 5+ device types.
- Delivered the complete solution independently within 14 days, providing a scalable and user-friendly product aligned with the project timeline.

Front-End Developer

Jun 2024 – Nov 2024

Efilia Technologies

Pune, Maharastra

- Developed two websites in collaboration with a colleague: one for **infrastructure management** and another for a **booking app** integrated with **Airbnb** to manage **100+ room bookings**.
- Designed and implemented a single landing page for the infrastructure website, focusing on **user experience** and **100% mobile responsiveness**, ensuring seamless navigation across **5+ device types**.
- Built the booking app using ReactJS, NodeJS, and MongoDB, enabling clients to **add, update, and delete bookings** in real-time on **Airbnb**, handling 50+ API requests per day.
- Optimized both websites for **20% faster load times**, improving user engagement and increasing client satisfaction by **30%**.
- Leveraged tools like **Tailwind CSS** and **Figma** for design consistency, delivering both projects within **6 weeks** as per the client's requirements.
